GOVERNMENT POLYTECHNIC JAJPUR A/ P: Ragadi, Block: Korei, Dist.: Jajpur, Odisha- 755019 Website: https://www.gpjajpur.org E-mail: principalgpjajpur@yahoo.co.in Contact: 9437155107 DEPARTMENT OF MECHANICAL ENGINEERING LESSON PLAN

Discipline:	Semester:	LESSON FLAN
Mechanical	4th	Name of the Teaching faculty: Manas Kumar Mishra
Subject: Manufacturing Technology(T H2)	No of Days/Week class alloted: 4	Semester from Date: To date: No of weeks: 16
Week	Class Day	Topics
	1st	 i) introduction to manufacturing technology ii) importance of this subjects, Cos iii) syllabus description of each module iv) discussion about lesson plan, examination, tests, assignments
1st	2nd	i) Composition of various tool materials
	3rd	i) composition and properties of various tool materials ii) recent developments in tool materials
	4th	i) Physical properties & uses of such tool materials.
	1st	i) Cutting action of various hand tools: Chisel, hacksaw blade
	2nd	ii) Cutting action of various hand tools: dies and reamers
2nd	3rd	 i)Turning tool geometry ii) tool nomenclature iii) various angles such as rack angle, side cutting edge angle
	4th	i) side relief , end relief, nose radius, 3D animation, videos ii) purpose of such tool angles
	1st	 i) Machining process parameters (Speed, feed and depth of cut) ii) functions of coolant and lubricants
	2nd	i) characteristics of Coolants and lubricants, examples
3rd	3rd	i) Construction and working of lathe ii) Major components of a lathe and their function
	4th	 i) Operations carried out in a lathe, job setting, types of tools ii) Turning, thread cutting, internal machining, parting off, facing, knurling
	1st	i) taper turning, methods ii) Safety measures during machining
	2nd	i) Capstan lathe, Major components and their function
4th	3rd	i) Difference with respect to engine lathe ii) multiple tool holders
	4th	i) Turret Lathe, Major components and their function
5th	1st	i) Difference with respect to capstan lathe
	2nd	i) tooling layout for preparation of a hexagonal bolt &bush
	3rd	CLASS TEST 1, previous year question discussion
	4th	i) Potential application areas of a shaper machine
	1st	i) Major components and their functions of a shaper

6th	2nd	i) automatic table feed mechanism
	3rd	i) construction &working of tool head
	4th	i) quick return mechanism (crank and slotted lever mechanism)
7th	1st	i) specification of a shaping machine.
		i) Application area of a planer
	2nd	ii) difference with respect to shaper
	3rd	i) Major components and their functions
	4th	i) The table drive mechanism
8th	1st	i) The table drive mechanism
	2nd	i) Working of tool and tool support
	3rd	i) Clamping of work through sketch
	4th	i) Types of milling machine
	1st	i) Operations performed by milling machine
• · ·	2nd	i) work holding attachment
9th	3rd	i) Construction & working of simple dividing head
	4th	i) Construction & working of universal dividing head
		i) indexing methods
	1st	ii) Procedure of simple indexing
10th	2nd	i) Procedure of compound indexing
	3rd	i) Illustration of different indexing methods
	4th	i) Major components of a slotter machine
	1st	i) function of those components
	2nd	i) construction of slotter machine
11th	3rd	i) working principle of slotter
		ii) Tools used in slotter
	4th	CLASS TEST 2, previous year question discussion
	1st	i) Significance of grinding operations
101	2nd	i) Manufacturing of grinding wheels
12th	3rd	i) materials used for manufacturing
	4th	i) Criteria for selecting of grinding wheels
	1st	i) Specification of grinding wheels with example
	2nd	i) Working of Cylindrical Grinder
		ii) working of surface grinder
13th	3rd	i) working of Centreless Grinder
		i) Classification of drilling machines
	4th	ii) working of Bench drilling machine
	1st	i) Pillar drilling machine
		ii) Radial drilling machine
4 441-	2nd	i) Basic Principle of Boring
14th		ii) boring machines
	3rd	i) Different between Boring and drilling
	4th	
		i) Types of Broaching(pull type, push type)
	1st	i) Advantages of Broaching and applications

15th	2nd	i) Definition of Surface finish ii) various surface finish processes
	3rd	i) Description of lapping& their specific cutting.
	4th	i) Description of lapping
		ii) honing process
16th	1st	CLASS TEST 3, previous year questions discussion
